St. Mary's Hospital is delightfully located on the bank of the Mississippi River at 2416 Sixth Street South, adjoining Riverside Park. It was opened for the reception of patients October 1, 1897, since which time nearly 600 patients have been cared for. It has spacious wards and neatly furnished rooms for private patients. Its capacity has been trebled by the erection of additional buildings constructed upon the latest improved sanitary plans.

Its Medical and Surgical Staff is composed of some of the ablest talent of the Northwest.

The unparalleled success which this Hospital has achieved during the past two years is a sufficient guaranty of its popularity and good management.

Holders of National Benefit or Union Hospital Companies' Certificates Admitted.
